EXPERIENCE:

Shootday, Orlando, FL — Professional Photographer/Videographer

March 2025 - Present

- Collaborated with different clients to conceptualize visual content, ensuring alignment with client values and goals.
- Delivered high quality projects within tight deadlines while maintaining high standards of quality and creativity.
- Managed and operated DSLR and mirrorless cameras, and lighting equipment to ensure high caliber photos and videos.
- Provided real-time direction during video shoots to best achieve creative vision and storytelling

Universal Orlando Resort, Orlando, FL — Attractions Attendant (Trainer)

January 2023 - PRESENT

- Trained new ride operators on safety procedures and ride operations.
- Welcomed new team members with compassion and care while helping them adjust to their new role.
- Educated new employees on safety protocols and attraction operations, ensuring a knowledgeable and skilled workforce
- Memorized and utilized radio codes and commands.
- Engaged and interacted with guests using themed lines and narration.
- Resolved guest issues by identifying the source of complaint and formulating corrective action with a supervisor.
- Collaborated with fellow attendants to maintain safety procedures, ensuring a secure environment for both guests and staff.

Universal Orlando Resort, Orlando, FL — Halloween Horror Nights Scare Actor

August 2024 - November 2024

- Performed intentional and well-timed scares (at roughly 1 per 5 seconds), maximizing guest experience
- Maintained character consistency throughout my performance while upholding safety regulations
- Utilized creative scare tactics to surprise and entertain all guests while sustaining production value given from show direction
- Created immersive and interactive experiences for guests, enhancing entertainment value.
- Delivered thrilling performances to captivate the audience.

Relevant Coursework:

Cinematography

- Built an in-depth understanding of the different aspects of the camera and surrounding equipment.
- Practiced with the technical facets, including things like shutter speed, ISO, and aperture.
- Experimented with the creative uses of the camera.
- Made use of different camera equipment and accessories.

Narrative Production

- Learned how to set-up and take down a variety of equipment in all departments, including grip, electric, camera, and sound.
- Familiarized myself with being on set, as well as the intricacies of the workflow and the interactions between the different departments.
- Operated electric, lighting, grip, sound, and camera equipment.
- Collaborated with and lead my team while in production.
